Knowledge

Implicit teaching

Explicit teaching

School policy

- ☁ How do we, as school, take diversity into account?
- ☁ Is our school policy designed to include diversity?
- ☁ How can parents and LGBTI-students be a part of creating the school regulations?
- ☁ How do we make this topic visible in the school?

School policy

☁ Dear girls and boys

☁ Dear students

Interaction

Two situations: how do you respond?

On the way to your classroom, you hear a group of students make fun of another student because of their sexual orientation.

During PE class, Simon falls in the mud. The teacher reacts: “Oh, mom’s going to have to wash that!”!

Framing

- ☁ Frame topics related to diversity neutrally or positively
- ☁ Create an image of society where the norm is positive and exception is negative
- ☁ Possibly a controversial topic
- ☁ Controversy in itself is not problematic: the classroom is a laboratory for democracy
- ☁ Polarization? Intervene!

Making connections

Asking questions

- ☁ Why?
 - ☁ Why is this their/hers/his line of thought?
 - ☁ What is the reason this is your opinion?
 - ☁ What influences your opinion?
-
- ☁ Don't: Is being gay okay?
 - ☁ Do: Why is it that some people it's okay to be gay, while others don't?
